

RE: XM Satellite Radio Service  
Dear Sirs:

It is my understanding that there is pressure being placed upon the FCC by the National Association of Broadcasters to eliminate some of our choice of services offered by XM Satellite radio.

This elimination of services would include the traffic and weather channels offered through XM Satellite radio. This, to me, would be analogous to eliminating the Weather Channel on cable TV.

I urge the FCC to reject the NAB's petition 04-160.

Thank you.
